### WHAT IS A FOOD AND BEVERAGE MINIMUM?

Your food and beverage minimum is the amount you will need to spend at your event in order to do reserved space. For example, if you have a party of 10 guests on a Saturday evening, your food and beverage minimum will be \$1,000.00, before tax and service charge. Any food and beverage spent at the event will go towards meeting this minimum.

You may exceed this amount spent depending on what you decide to do for food and based on beverage consumption.

**We do require all large parties to close to 1 tab. We are not able to offer a cash bar where guests pay individually.**

### EVENT DESCRIPTION

We are able to accommodate reception/cocktail style events (existing setup with a combination of seating and standing) with displayed family style platters, as well as access to our full bar. **We are not able to accommodate a seated dinner.**

We do have ropes & Stanchions available to separate your space, but there will be other guests on the patio.

### WHAT HAPPENS IF IT RAINS?

New for 2015 - our fully retractable glass enclosed roof cover can be closed in case of inclement weather. You will still have the same breathtaking views rain or shine!
